Hi-Class®

Style & Luxury at Economy

AN ISO 9001 : 2008 Company

Hi-Class®
Style & Luxury at Economy

Kitchens have evolved from confined spaces filled with cookware and culinary aromas to absolute elegance and intelligently designed spaces.

HI-CLASS a steel wire kitchen accessories manufacturer has achieved significant brand recognition and high esteem. We excel at designing kitchens with the most ideal combination of cutting-edge accessories and high-quality components.

HI-CLASSoffers an exclusive collection of designer lifestyle accessories that are both functional and stylish. Our company believes in the importance of providing customers with top-quality products and service. To ensure this, we have self-monitored departments that oversee the entire process, from sourcing raw materials to delivering finished goods.

HI-CLASS is known for diligence and attention to detail, which is evident in every aspect of our operations. We have introduced a new range of kitchen accessories and hardware products that incorporate the latest technology, high-quality materials and proper standardized testing (Cycle test & Salt- Spray test) to produce modern and exceptional products.

Our company provides comprehensive warranties and after sales support, and has established a strong market presence throughout India. Our vision is to gift you a world of excellence and new-age décor in that one small space of your house to hold stories beyond cooking.

Index

EMERALD SERIES

GLASS PANTRY
P/O (SOFT CLOSE)

SIZE	ITEM CODE
450mm-4FT	HE-GP01
450mm-6FT	HE-GP02
600mm-4FT	HE-GP11
600mm-6FT	HE-GP12

DESIGN
Designed with a new environmental protection material, the basket is not only sturdy and beautiful, but also has more bearing force because it is made from two special boards. European make more decorative and chic.

FUNCTION
The rack can be smoothly slid with a fully concealed soft-closing system.

MATERIAL
A heavy earth and earth damping guide rail are used, along with a thickened carbon steel frame and super bearings. Around the edge, there is high-quality toughened glass that can be removed and material is easy to care for.

FEATURE
In addition to the basket buckle design, the height and the spacing can also be adjusted and controlled to meet the needs of all bottle sizes.

INSTALLATION
The optimum cabinet board thickness is 18 mm, which is suitable for standard cabinets.

Universal Magic Corner
(SOFT CLOSE)

SIZE	ITEM CODE
900-1000 mm	HE-UM01

FEATURE
To increase the strength all of the supporting components are made of die-cast with zinc alloy. European make,made the entire ambry more stylish and refined.

DESIGN
Ambry double deck 4 basket combination is designed to take full advantage of the corner position. Avoid dividing the left and right sides of the installation. This will save time and effort during installation.

FUNCTION
It is equipped with a split linkage device, which greatly enhances the door buffer effect of the products, thereby ensuring the best level of comfort for users.

MATERIAL
This product is made of high quality steel glass even with excellent visual effect, a bottom plate with embossed shading design to prevent beams from slipping out of the pull-out.

INSTALLATION
The optimum cabinet board thickness is 16-18 mm, which is suitable for standard cabinets.

8

SWING TRAY (SOFT CLOSE)

SIZE	ITEM CODE
900mm (LEFT)	HE-ST01
900mm (RIGHT)	HE-ST02

FEATURE
To increase the strength all of the supporting components are made of die-cast with zinc alloy. European make,made the entire ambry more stylish and refined.
DESIGN
Taking full advantage of corner position, the S-type integrated design allows the cabinet to store all items at once for convenient access.

FUNCTION
It is equipped with a split linkage device, which greatly enhances the door buffer effect of the products, thereby ensuring the best level of comfort for users.

MATERIAL
The frame and parts are made from high-quality steel, its surface is painted, and the bottom plate is embossed with a textured pattern that prevents articles from slipping when pulled out or retracted.

INSTALLATION
The optimum cabinet board thickness is 16-18 mm, which is suitable for standard cabinets.
